## CHAPTER 1

## **Introduction and Overview**

## Executive Summary

The Nkomazi Municipality Annual Report has been developed according to the provisions of Section 121 of the Municipal Finance Management Act (MFMA), 56 of 2003 and Section 46 of the Local Government: Municipal Systems Act (MSA), 32 of 2000.

According to the National Treasury guidelines for the preparation of the Annual Report, the report should comprise five chapters to reflect the key activities undertaken within the organisation during the year under review. A brief summation of what is contained in each chapter is outlined below.

#### Chapter 1:

This chapter contains the geographic location of the municipality as well as the population dynamics of the municipality. Key to chapter is the consultative processes that the Municipality embarked on. which led to the creation of the IDP document. chapter touches on issues of governance and how the Council is constituted.

#### Chapter 2:

This chapter reports on and highlights some of the key achievements and challenges of the organisation during the year under review. However, it is befitting to indicate that the Municipality faced a number of challenges, which ranged from the storm disasters that affected households and schools to mention a few, we continued to excel in service

delivery. This has been evident through the number of accolades that the Municipality has received. A detailed account of this is outlined in this chapter.

#### Chapter 3:

This Chapter reports on the programmes the Municipality designed improve to employment equity and skills development. also highlights Human Resource Management Policies and Practices that have been carried out to build staff capacity. To ensure transparency, issues of remuneration of Senior Management have also been covered.

#### Chapter 4:

Key in this chapter is the fact that the municipality has submitted Annual Financial Statements to the Auditor General for auditing.

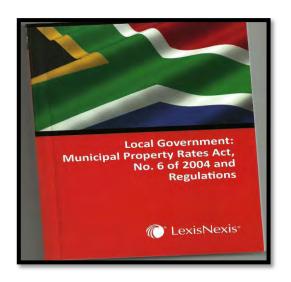

#### Chapter 5:

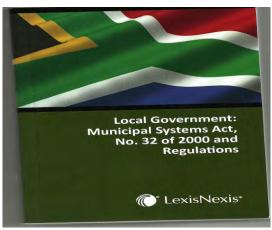

During 2011/2012 financial year the municipality increased compliance with local government laws across a range of different of pieces legislation operations. governing our National Treasury has provided a reporting format for the Annual Performance Report and that is evident throughout this chapter.

## Legal Framework

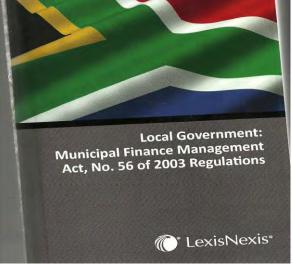

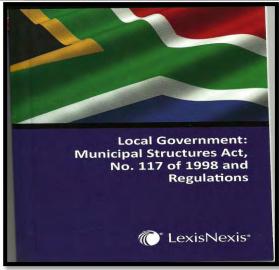

Report has been prepared in accordance provisions of Section 121 of Municipal Finance Management Act, 56 of 2003 and Section 46 of the Local Government's Municipal Systems Act, 32 of 2000.

In presenting this report for the financial year ended 30 June 2012, the municipality acknowledges progress made during the 2011/2012 financial year as well as the daunting challenges that still lie ahead. A detailed account of all the challenges and

remedial actions has been provided in this report.

Mr MD Ngwenya **Municipal Manager** 

## Executive Mayor's Foreword

Guided by the theme, 'together building a better life to ensure effective and efficient service delivery'.

It is once again that time of the year where we reflect in retrospect on the extent to which our performance standards have been able to respond to the pressing needs and expectations of the people of Nkomazi

It is that time where the dictates of transparency, openness and accountability demand of us to lay bare and table our annual report before our people who have entrusted us with such a humbling responsibility to be the custodians of their hopes and aspirations.

We will outline in this regard that as a municipality we continue to be saddled with the responsibility to provide on sustainable basis quality municipal services and to further facilitate the socioeconomic development of the communities within our jurisdiction. This responsibility entails inter alia governance good and prudent financial

management with the aim of creating conducive environment for Job creation and community development for our people through such programmes as LED, EPWP and infrastructure development.

It becomes important further to note that the municipality plays a critical role in ensuring that through the public participation aspect of the IDP and the budget process, our people are given the opportunity to determine the development trajectory of their own communities thereby giving credence to the ideal of creating a people centered local government.

Accordingly this annual report will in the main endeavor to describe how Nkomazi Municipality has, in various ways impacted on the lives of ordinary residents seeking services from the municipality, community formations advocating for development in the rural

villages where they live, external stakeholders seeking to create strategic links with the developmental agenda of Nkomazi through the strategic municipal partnerships such as the NSSF and MISA ,transversal interventions, infrastructure investments and LED to mention but a few of the focus areas that were dealt with in the preceding year.

We are therefore honored to table this annual report for the financial year 2011/12 to the people of Nkomazi; we will also be making it available to all our stakeholders and any other interested individuals, bodies or formations.

Cllr TS Khoza

Her Worship, the Executive Mayor

## Municipal Manager's Statement

The 2011/2012 financial year was a period of memorable service delivery achievements for the municipality; the institution affirmed itself as a committed municipality in fulfilling its legal obligation and the implementation of our Integrated Development Plan.

As an accounting officer, I have a pleasure in presenting the Annual Report Nkomazi Local Municipality for the financial year which ended 30 June 2012. The report is presented in terms of Section 121 of the MFMA, Act No. 56 of 2003. Furthermore, I would like to point out the following;

Nkomazi Local Municipality, more than ever before is service delivery driven and optimistic about the future. Whilst the challenges that the municipality has endured over years are

acknowledged, all of us have an obligation to change the situation for the better. We also would like to put it on record that irregularities is a culture which we will refuse to embrace and as change agents we commit ourselves to do everything within our powers to reverse those pockets of mismanagement and tirelessly continue as a collective to cultivate a new culture of good governance, professionalism and passion for providing quality services and being the servants of our communities.

As a municipality we are governed by the laws of the country which in all respects are designed to create a for platform good governance and as such, it would be a travesty of justice if for malicious reasons, any one of us subscribes to counterproductive tendencies motivated by greed and other social ills. We need not shy away from these things as our silence could easily be misinterpreted to mean that we condone actions that compromise service delivery.

Having put our administrative position clear, it is important understand that administrators we do not work in isolation but rather that we provide advice to our policy makers and implement the decisions that they take and our actions and results should be subjected to continuous monitoring through oversight structures, to ensure that the intended outcomes desired objectives are achieved.

Thus far, the municipality has just gone through a very difficult transition phase of the previous leadership to a new phase of new leadership which for all intents and purposes has high expectations on service delivery implementation in order to gain the confidence of the electorate.

There are vigorous and concerted efforts towards the filling of all the critical posts including those that have remained vacant. Once all

these posts have been filled there will be no reason why service delivery should not improve. Furthermore these vacant posts are not just a numbers game but each position has a key role to play in the management and consolidation of activities towards a common goal. The gaps that were created by the non-filling of posts have had far reaching implications in the running of municipality resulting in inefficiency and overworking of the present workforce.

The municipality's cash flows are sound and assurance is given that the municipality will continue to improve and its financial meet to. obligations such the as payment of salaries for staff and councillors and payment of service providers in line with the turn-around time among other things, whilst at the same time intensifying its revenue collection by coming-up with enhancement revenue This has strategy. been

witnessed by obtaining an unqualified audit report. We also want to put it on record that we are striving for a clean audit record as per the call by the Auditor General.

More than ever before, the political climate that prevails is highly conducive to good working order that is being harnessed by the capability of our newly elected council. Working together we can do more to achieve our utmost goal "A Better Life for All, Imphilo Lencono".

Thank you!

Mr MD Ngwenya Municipal Manager

# Audit Committee Chairperson's Report

We are pleased to present our report for the financial year ended 30 June 2012

## **1.1 Audit Committee** Members

The Audit Committee was appointed in May 2009 and consists of the members listed hereunder. During the 2012 financial under review, 5 meetings were held.

Member's name	Number of meetings attended	Comments
Mr BT Khoza	4	Former Chairperson- Resigned- 15 May 2012
Mr MJR Mpai	З	Member
Mr RT Dipone	5	Chairperson - from 1 June 2012
Mr T Taku	2	Member

## **1.2 Audit Committee** Responsibility

The Audit Committee reports that it has complied with its responsibilities arising from Section 166 (2) - (4) of the MFMA. The Audit Committee also reports that it has adopted appropriate formal terms of reference as its Audit Committee Charter and affairs regulated its compliance with this Charter, attempted has discharge its responsibilities as contained therein. Audit Committee has addressed itself the financial statements of the Municipality during period under review.

## 1.2.1 The effectiveness of internal controls

Whilst the various reports of the Internal Auditors as well as the Audit Reports on the Annual Financial Statements and management letter of the Auditor General indicates that the system of internal control has shortcomings, the Audit Committee has noted the progress being made in this regard, especially in view significant the material non-compliance with prescribed policies and procedures that were reported on during the previous financial year and the resultant qualified audit opinions.

In the supply chain management unit major control deficiencies and non-adherence to supply chain management policies were identified as a major concern with regard to achieving a clean audit.

#### 1.2.2 Risk Management

The Municipality has developed and approved a risk management strategy. This strategy is the foundation for a continuous risk assessment process and for management monitoring of risks on an on-going basis.

#### 1.2.3 Internal Audit

Internal auditing provides a supportive role to management and the Audit Committee to achieve their objectives by assisting in the management of risks within the municipality.

The internal audit component responsible for independent and objective evaluation of the department's system of internal control at a detailed level and to bring significant business risks and exposure to the attention of management and the committee through the provision of comprehensive internal audit reports.

## **1.2.4 Aspects requiring specific mention**

Supply chain management remains a serious challenge

with respect to controlling unauthorised expenditure. Efforts and measures have been taken to ensure non-recurrence of unauthorised expenditure that is wasteful and fruitless.

## 1.2.5 Auditor General's report

The Audit Committee has taken note of the findings and opinions of the Auditor-General, and is monitoring the steps being taken by management to address each of the issues raised.

- Unauthorised
   Expenditure: As disclosed in notes to the financial statements, unauthorised expenditure due to overspending of unapproved budget.
- Fruitless and wasteful expenditure
  As disclosed in not 46 to the financial statements, fruitless and wasteful expenditure of

and wasteful expenditure of R2.3m due to capacity non utilization and payments made for work not done.

• Recommendation:
The draft audit report revealed that majority of the individual audit findings on unauthorised, irregular and fruitless and wasteful expenditure related to deficiencies within the Supply Chain Management Unit.

The audit committee recommends that the supply chain operations be reviewed and a strong compliance culture be established.

• Predetermined Objectives

The Auditor general reported deficiencies in relation to Performances against predetermined objectives which were not reported using National Treasury quidelines:

- Reason for major variances between planned and actual reported target not provided in report on predetermined objectives.
- Reported objectives, indicators and targets not consistent with the approved IDP
- Reported objectives, indicators and targets not consistent when compared to planned objectives, indicators and targets
- Changes to planned objectives, indicators and targets not approved
- Non-compliance with laws and regulations:
- Annual financial statements, expenditure management, procurement and contract management, transfer and conditional grants, budgets.

The audit committee recommended that the municipality should develop turnaround strategy to address all the deficiencies raised by the Auditor General of South Africa and present it to the audit committee.

## 1.2.6 Department quarterly reports and turnaround strategy reviews

We have been reviewing the departmental quarterly reports and we are happy to report that the information and formats of the reports improved. have remaining challenge is to align the annual budget to the spending by the departments in order to reduce variances.

A turnaround strategy has been formulated and objectives were set in order to address all the findings. As the audit committee we have been reviewing the progress on the implementation of the turnaround strategy. Part of of the the outputs turnaround strategy was to fill all the managerial posts by the end of March. We are satisfied that the municipality has made progress advertising and interviewing candidates to fill the managerial positions. We are confident that the full time managerial team will be in place by year end.

of

### 1.2.7 Evaluation Financial Statements

The Audit Committee accepts the conclusions of the Auditor-General on the annual financial statements and is of the opinion that the audited annual financial statements be accepted and read together with the report of the Auditor-General.

## 1.2.8 Changes in audit committee structure

T Khoza resigned as Chairperson of the audit committee with effect from 02 May 2012 and Council appointed Mr RTO Dipone to be a chairperson of the audit committee.

#### 1.2.9 Conclusion

The municipality has moved from a disclaimer in 2009 to an unqualified report with emphasis of matters in 2011 financial year, which is a great milestone achievement, considering that of the 283 municipalities in South Africa only a handful were awarded unqualified audit reports, commonly referred to as clean reports. We have seen the Risk Management unit being set up as well as the risk management committee in ensuring good governance and risk monitoring of the municipality.

These achievements came as a result of commitment and hard work of all parties concerned.

The Audit Committee extends its appreciation to management and the internal audit unit for their efforts in addressing the issues raised in the auditor general's report.

## Overview of the Municipality

#### **MUNICIPAL AREA: BASIC STATISTICS AND FIGURES**

#### **Locality**

The Nkomazi Local Municipality is located in the eastern part of the Ehlanzeni District Municipality of the Mpumalanga Province. The municipality is strategically placed between Swaziland (North of Swaziland) and Mozambique (East of Mozambique). It is linked with Swaziland by two provincial roads the R570 and R571 and with Mozambique by a railway line and the National road (N4), which forms the Maputo Corridor. The Nkomazi Municipality is 4786.97 km² in terms of the new demarcation which includes a portion of Kruger National Park. The Municipality is bounded by the Mozambique to the east, Swaziland to the south, Kruger National Park to the north, Umjindi Local Municipality to the south west and Mbombela Local Municipality from the northwest to west. In 2001 the population of the Nkomazi Local Municipality was at **334 408** persons and in terms of the Statistics SA 2007 Community Survey the population is now estimated at **338 095** persons, an increase by **3 687** persons. In 2001 the Municipality had 56 villages, 185 farm portions, 75 593 households and in 2007 the Community survey found that the households have increased to 78 254. As stated above the population of this Municipality has increased slightly, factors such as migration, death and birth has influenced the slow growth of the population. An increase in population size and the number of households is expected when the final results of Census 2011 are released in October 2012.

#### **General Background**

#### **Geographic Location**

#### **Main Urban Settlements**

The main urban centres are Kaapmuiden, Malalane, Hectorspruit, Marloth Park, Komatipoort, Kamhlushwa, Tonga and KaMaqhekeza.

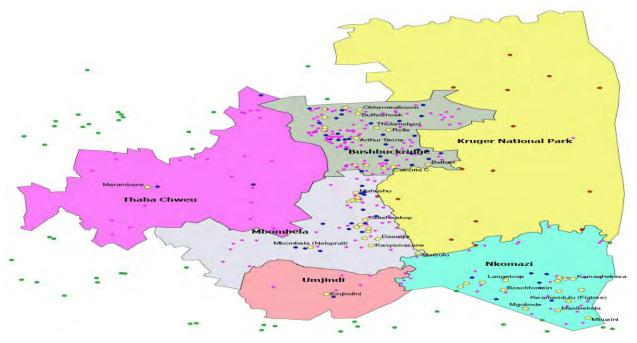

Figure 2: Spatial Location of Nkomazi Area and Neighbouring Municipal Boundaries

#### **Tribal Authorities and accompanying Villages**

In addition, the Nkomazi Local Municipality is made out of several villages that are under the control of traditional authorities. There are 7 tribal authorities and about **56** villages grouped as follows:

#### **Mlambo Tribal Authority**

Mbuzini; Mabidozini; Samora Park; Emacambeni; Mbangwane; Ekusulukeni; Khombaso; Tsambokhulu; Mananga;

Masibekela; Mandulo; Mthatha; New Village; and Hlahleya.

#### **Hhoyi Tribal Authority**

KaHhoyi (Fig tree); Eric'sville and Goba.

#### **Siboshwa Tribal Authority**

Part of kaMaqhekeza; Block A (Kazibokwane); Block B (Kasibhejane); Block C (Esibayeni); Tonga; Los My Cherry;

Ngwenyeni and Dludluma.

#### **Kwa-Lugedlane Tribal Authority**

Mangweni and Steenbok.

#### **Mawewe Tribal Authority**

Magudu; Mgobodzi; Madadeni; Sibange; Phakama.

#### **Matsamo Tribal Authority**

Jeppes Reef; Schoemansdal; Buffelspruit; Driekoppies; Middleplaas; Schulzendal; Mzinti; Ntunda; Phiva; Mdladla;

Phosaville; Langeloop; Ekuphumuleni; Sikhwahlane.

#### **Mhlaba Tribal Authority**

Magogeni; Boschfontein; Skoonplaas.

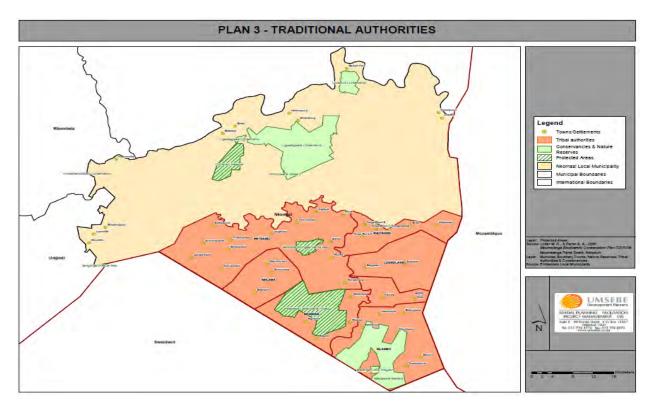

Figure 3: The Traditional Authorities Boundaries in Nkomazi Municipal Area

#### How is Nkomazi Municipality structured?

In accordance with the Constitution Act, 108 of 1996, the Nkomazi **Municipality's Council is ultimate** political decision-making body of the Municipality.

The Executive Mayor of Nkomazi Municipality takes overall strategic and political responsibility, whilst the Municipal Manager heads the **Municipality's administration a**nd is responsible for the implementation of policies and the Integrated Development Plan (IDP).

### What is the Municipality's Vision and Mission?

#### **Vision**

"A leading local municipality that empowers its communities through excellent service delivery"

#### **Mission**

To enhance the quality of life of all the communities in the Nkomazi Local Municipality area through rendering basic services in an efficient and cost-effective manner that adheres to the principles of sustainable development.

### What is the status of the Nkomazi Municipality IDP?

Nkomazi IDP was developed in line with the provisions of the local government Municipal Systems Act 32 of 2000. The IDP process plan for 2011/2012 was developed in line with the Fhlanzeni District Municipality Framework Plan and was approved by Council on the 08 of September 2010. Copies of the IDP Process plan were made available to all key stakeholders including communities for noting and participation during the IDP process.

In ensuring that the IDP is developed in line with the prescripts

of the law, the following was given due consideration:

- Technical assessment by the COGTA
- MEC's comments raised during the 2010/2011
- Auditor General's report for 2010/2011

A number of strategic sections were held to ensure maximum participation by stakeholders in the IDP development. Copies of the Draft IDP were made available to the public and stakeholders for comments and inputs. A programme to visit communities on the draft IDP was developed and implemented before the final IDP was approved.

#### a) Stakeholders Consultation

This IDP was developed after the Municipality has experienced service delivery protests which might be associated with the Local Government elections of 2011; as a result there was a

need to pay special attention to service delivery challenges as raised by communities and the Nkomazi municipality Manifesto by the Governing Party. Below are the issues which required immediate intervention:

- Water provision
- Construction of Roads and Storm Water Drainage
- Provision of electricity
- Sanitation
- Waste Management
- Housing and Land Ownership
- Education
- Health
- Local Economic Development
- Community facilities
- Safety and Security

In response to the above, the bulk of the budget was directed towards addressing critical issues raised by communities and commitments in the manifesto.

#### b) IDP Alignment

As some of the concerns raised by communities during the IDP consultations are a mandate of sector Departments, there has been a need for the Provincial and National departments to realign their plans in order to respond to these issues. Engagements with sector Departments at the level of the Municipality and the District were held. A number of projects were received from Sector Departments as way responding to the issues raised. Comprehensive Development Programme as a component of the IDP is also playing a key role in delivering services in a speedy, sustainable and efficient manner.

## Nkomazi's High Level Strategic Objectives

In localising priorities of the 2011 manifesto and in meeting key challenges facing our communities, Nkomazi has identified the following strategic goals:

# Build local economies to create more employment, decent work and sustainable livelihoods

- Create an investor friendly environment. (Identification of key economic drivers)
- Facilitate job creation and access to business opportunities
- Initiate capacity building programmes that contribute to the development of employable, educated and skilled citizens.
- Continuous and positive interactions with all key economic anchors and actors
- Reduced dependency on grant transfers

## 2. Improve local public services and broaden access to them

- Ensure access to quality, sustainable and reliable municipal services in all wards (e.g water, sanitation, electricity, refuse removal and road infrastructure)
- Regular investment on infrastructure
  (Procurement of new, maintenance and replacement of old infrastructural assets)
- Maximise utilisation of technology
- Provision of secured land tenure rights options and formalisation of informal settlements

#### 3. Build more united, nonracial, integrated and safer communities

- Maintain effective intergovernmental and stakeholder relations
- Establish feedback mechanisms in order to ensure responsiveness to communities
- Mainstream issues of special groups and HIV/AIDS into municipal business

 To ensure occupational health, safety and wellness of officials and councillors

## 4. Promote more active community participation in local government; and

- Promote a culture of participatory democracy and integration
- -Create strong sustainable governance and institutional structures

- 5. Ensure more effective,
  accountable and clean
  government that works
  together with national and
  provincial government
- To enhance sound, viable and legal compliant financial management.
- Development of annual and medium term outlook on revenue and expenditure plans and targets.
- Strengthen integrated planning and accelerated implementation

- Continuous institutional risk management

The department renders services in the following sections:

- Integrated Development Planning
- Urban and Rural Development
- Local Economic
   Development and
   Tourism

municipality The together Ehlanzeni District with Municipality is in the process of finalising five [5] township establishment projects that were initiated around the year 2000 but never finalised due to reasons ranging from lack of funds, to issues relating to the release of state land. These projects include the following villages or settlements: Phosaville, Driekoppies, Langeloop, Mzinti Buffelspruit. and Furthermore, the municipality is also in the process of ensuring security of land tenure for all residents Traditional residina in Authority areas through the formalisation of existing Currently, the settlements. settlement Block C undergoing this process and more other villages will soon follow as the programme is being rolled over in a number of years given the limited resources at municipality's disposal. As a mechanism to control further development brought about by the need for housing land,

the municipality is finalising a few green-field projects, i.e. Pholane in Komatipoort with a 1000 new vacant stands and Mjejane with an additional 3000 new stands. However. the municipality İS having difficulty with both Mjejane and Pholane townships in land availability that agreements need to entered into but not forthcoming making impossible to proceed and finalise these within reasonable timeframes.

The final SDF was approved by Council and the draft LUMS was adopted as a However, draft. problems arose with regard to the applicability of the Townplanning and **Townships** Ordinance. 1986 in the former KaNgwane Selfgoverning territory. A legal opinion sought indicates that indeed the said Ordinance of 1986 is applicable to the former KaNgwane area, however, the other challenge relates to the need incorporate a portion of the former DMA [i.e. Kruger National Park] into Nkomazi subsequent to the recent demarcation of municipal boundaries.

The Department realized that policies to guide development are lacking and the following policies were developed and approved by Council: Agricultural Land

Subdivision Policy and Guest House Policy. It also became clear that no fees are charged towards bulk service contributions from developers and the department addressed this. Tariffs in this regard were promulgated during the 2011/12 budget process.

The Department planned to develop а long development strategy Nkomazi and the tender was advertised. However, due to the fact that there was no cash backed surplus funding, project had to cancelled and Will now continue in the 2012/13 financial year.

Good With regards to Governance and **Public** Participation, the department planned to improve the IDP to the extent that it will be 70% credible. **Problems** encountered during the previous financial year were addressed and the public participation process was followed as per approved IDP Process Plan.

During the assessment of the IDP, Nkomazi was rated as amongst the top 7 in the province which İS achievement. There are still outstanding sector plans which must be updated / compiled during the current financial year. This will increase the assessment of IDP the even more.

However, the cooperation of the other relevant departments will be needed in this regard.

On Local Economic Development, the department managed to do the following during the 2011/2012 financial year in an attempt to create an environment that İS conducive to economic development:

- Land was identified in Komatipoort and it was approved that this land be rezoned for industrial use. The area can be marketed for investors as this area is next to the Maputo Development Corridor. An application to establish an industrial development in the area has been approved in principle by Council and the rezoning of the land is underway.

Assisted the informal trading sector by building facilities in Malalane, Komatipoort, intersection and N4/R570 Mbuzini. Stalls were built in Malalane and Komatipoort, building plans were drawn for Mbuzini and planning for the N4/R570 development was finalized. Due to the problem mentioned above with regard to the surplus, projects could proceed any further and the department is now in the process of scouting for funding to complete the projects.

Two crafters markets were also planned. one in Schoemansdal and one in Malalane. The one in Malalane was also intended to be used as a day market for hand crafted goods once a month and to incorporate a botanical garden as well. Negotiations were conducted land owners indicated that they Will support a hiking trail from the market to the Spargo dam which will cut across their land. However, the lack surplus funding stopped these projects and all that could be done was to clear and fence the areas. Building plans for Malalane market were drawn and approved.

Department further The attempted to assist the Mangweni Cultural Village, however it was found that feasibility studies and business plans were not done and the sustainability of the project was questioned by the political leadership as well. Therefore, the project was placed on hold and the assistance of the tourism sector was invited to ensure that a sustainable project will be created. Funding remains a problem as this project was also funded from surplus funding.

The Department also participated in the Tourism Awareness month and one event was hosted by the municipality, focusing on scholars.

Progress has been made with regard to future contributions by developers towards bulk service infrastructure as the Department managed to have tariffs promulgated which are already payable by developers.

The manager responsible for LED and tourism has since been appointed and the LED unit is now more functional than before. The municipality hopes that applications for funding will be submitted to other potential funders for all LED and Tourism projects.

#### **Challenges**

The lack of funding during the 2011/12 financial year was the biggest challenge for the department as goals could not be achieved. Lack of building control officials remains a problem as the department only has 3 officials at its disposal.

The continued development in rural areas on land allocated by Traditional Authorities remains a problem as development cannot be coordinated in this way and no proper planning for infrastructure can be done.

#### COMMUNITY SERVICES DEPARTMENT

## DEPARTMENTAL FUNCTIONS

- Waste Management
- Nature Conservation
- Fire & Rescue Management
- Vehicle Licensing and Testing
- Protection Services
- Community Development
- HIV/AIDS Management

#### **KEY PERFOMANCE AREAS**

The performance of the Department is measured against the performance areas as identified and approved by Council, namely:

- 1. Basic Service Delivery
- 2. Good governance and public participation
- 3. Local Economic Development
- Municipal financial viability and management

5. Municipal institutional Development and Transformation

#### **KPA1: Basic services**

Accessibility to public facilities (stadia, community halls, parks & cemeteries, libraries and international monument) Libraries and Monument improved through provision of repairs and maintenance services. Number of bookings increased drastically especially with the community halls and stadia, libraries during exam times. Best practices model cooperated within the licensing guidelines, all customers served. 54600 households received waste collection services. HIV/AIDS

Counseling and testing services expanded from community outreach to home education, awareness and home HIV/AIDS Counseling and Testing and as part of basic information and service needed by the community.

Services extended from community outreach to home education, awareness and home HIV Counselling and Testing.

## **KPA2: Good Governance** and public participation

Stakeholder forums strengthened with quarterly meetings. Mayoral cup held and 32 winning teams awarded. On Female soccer 4 teams awarded and netball four teams, Basketball 4 teams. Nkomazi cleanest

competition was conducted and 49 schools participated. Ehlanzeni District Municipality awarded Nkomazi for having the best AIDS programme at the District, Nkomazi Local AIDS Council recognized by COGTA and SALGA to be the best in the country in terms of HIV programming and implementation. 2011 SALGA awards obtained for the best HIV/AIDS Council Programmes in the Province. Average fire response time improved from 45 minutes to 30 minutes.

#### KPA3: **Economic** Local **Development**

The Department assists recycling companies around Nkomazi and maintaining the status quo for cultural groups and crafters.

#### **KPA4:** Municipal financial viability and management

Revenue collection is done in urban, schools, and commercial areas in villages for waste collection.

#### KPA5: Municipal efficiency productivity

and

21 Volunteers recruited and financially supported by international organization on migration for their stipends to make sure that health and wellbeing of migrants and their families is prioritize in Nkomazi. A total amount of US115, 000.00 dollars has been committed by the International Organization on migration to run this project.

#### KPA6: **Municipal** institutional development and transformation

HIV/AIDS prevalence increased to 47, 3%. HIV/AIDS programmes continue as per the priority areas on the Nkomazi HIV/AIDS strategy. AIDS

Council leaflets designed for communities to understand the roles and responsibilities of the AIDS Council. HIV/AIDS strategy to be aligned with the national strategy planned and provincial strategy plan to include STI, TB and Migration.

#### **Challenges**

The Department faced with different challenges ranging from shortage of personnel and transport, insufficient budget to run programmes and to procure equipment. Waste collection services never extended to reduce the 9288 backlog due to lack of funding to purchase equipment. Shortage of vehicles to attend accidents in order to achieve the target set for 30 minutes. Transportation to attend cultural and sports programmes. To renovate municipal facilities and to procure chairs in all the community halls.

#### CORPORATE SERVICES DEPARTMENT

#### **Performance Highlights**

#### **Support Department:**

It supports all the four departments, in particular with the Human Resource issues, portfolio Committee Meetings, training and Development and Record Keeping.

Corporate Services consist of the following key sections:

- Human Resources
- Administration
- Legal Section
- Performance Management Section
- Transversal Section

The office of the Municipal Manager also falls under Corporate Services with the following sections.

- Communications
- Risk Management
- Internal Audit

The following political offices fall under Corporate Services

- Office Of The Speaker
- Office Of The Chief Whip
- Office Of The Executive Mayor

Secretarial to Council, Mayoral Committee and Portfolio Committees.

#### Council

- Preparation of agenda
- Distribution of Council agenda
- Recording of Minutes
- Distribution of Minutes

- Consolidation of Council Resolutions

#### **Challenges**

Administration is informed late and therefore this delay the **Council's agenda** being delivered in time as specified in the Legislation. This also required overtime to be worked.

Late submission of reports results in reports being tabled as addendums and Council does not take note of addendums.

Nkomazi has no Council Chamber

#### **Achievements**

All Council minutes signed by Speaker and correctly filed.
All Council Resolutions consolidated and posted onto the G drive for easy access.
New Sound system has been procured for the recordings of Council discussions and can be saved on the PC instead of cassettes.

#### **Cleaning Services**

Corporate services, is responsible for the cleanliness of all municipal buildings.

#### **Challenges**

Insufficient funds for procuring cleaning materials throughout the year.

#### **Internal Audit**

#### Mandate

Nkomazi Local Municipality has established internal audit unit in terms of section 165 of the Municipal Finance Management Act, No 56 of 2003. The unit was established in 2008 and it has three full-time officials, Internal Auditor, Assistant Internal Auditor and internal audit clerk.

## Responsibilities of the Unit in terms of the Act:

- 1. Prepare a risk-based audit plan and an internal audit program for each financial year,
- 2. Advise the accounting officer and report to the audit committee on the implementation of the internal audit plan and matters relating to:-
- Audit,
- Internal controls.
- Accounting procedures and practices;
- Risk and risk management;
- Performance management;
- Loss control; and
- Compliance with this Act, the Annual DoRA and any applicable legislation, and;
- 3. Perform such other duties as may be assigned to it by the accounting officer.
- 4. Audit Committee

The Audit Committee was appointed in 2009 and has four (4) members. Their appointment was in terms of section 166 of the Municipal Finance Management Act, No 56 of 2003. The Committee is playing an advisory role to the Council and it meets at least once per quarter.

#### **Achievements**

The Internal Audit Unit has managed to perform its duties as required by the Act. All internal audit reports were discussed with management and presented to all audit committee meetings.

- The following documents relating to the internal audit unit were developed and reviewed in each year:
- Internal Audit Plan and 3 year rolling plan
- Internal audit Charter
- Internal Audit Methodology
- Audit Committee Charter
- 2. The Unit has also managed to provide management with monthly and quarterly reports which reflects the performance of the Unit.

#### Challenge

The Audit Committee Chairperson Mr BT Khoza resigned due to employment opportunities.

#### Recommendation

To fill the vacant of the resigned Audit Committee Chairperson, Mr BT Khoza.

#### **Risk Management**

Risk Management was established to assist in management proactively identifying potential risks that may hinder the municipality from achieving its operational and strategic objectives and thereafter design internal controls aimed at ensuring that the perceived risks are reduced to acceptable levels.

The municipality's integrated Risk Management (IRM) process is based primarily on a framework, policy and IRM implementation plan, all of which are defined by the risk appetite as approved by Council. The application of these elements assists the municipality's management to prioritise risks and integrate them with the decision-making process.

#### Mandate

The municipality established a Risk Management Unit in terms of the following provisions:

Section 62(1)(c)(i) of the Municipal Finance
 Management Act no 56 of 2003, which states that the Accounting Officer must develop and maintain an effective, efficient and transparent system of risk management and internal controls in accordance

- with any prescribed norms or standards.
- King III report on corporate governance

#### **Achievements**

The municipality has made great strides in the risk development of management within itself and its directorates. This includes the appointment of a Chief Risk Officer, a Risk Management Committee and of development risk management frameworks and policies, which enabled the formulation of detailed risk registers for each directorate and department. The Risk Management Committee chaired by an external independent person as recommended by a Public Sector Risk Management Framework.

Through the monitoring of treatment action plans, risk registers are updated. Regular interactions with management as well as quarterly Risk Management Committee meetings are used to keep management informed progress made by means of risk dashboards. which summarise the risk profile of directorates related and departments.

The municipality envisages continuous embedding of risk management, improved risk

management relationships at a provincial level through established forums and benchmarking its risk functions against best practices.

#### The anti-corruption hotline

The municipality adopted the national anti-corruption hotline, which may be used to report any instance of alleged corruption involving officials. An employee or member of the public may call the anti-corruption hotline on 080 0701 701 to report suspected corruption.

#### **Challenges**

Further initiatives are required to ensure further embedding of risk management in the municipality's processes. This would include the developing of clear guidelines and documented procedures to incorporate risk management into the municipality's strategic planning processes and the development of performance measurements on an operational level to promote the integration of risk management into day-to-day operations of the municipality. Furthermore, some of the proposed mitigating plans are not timeously implemented resulting in the municipality failing to effectively manage the identified risks.

The section has experienced challenges relating to the implementation of its activities and functions as mitigating plans are not timeously implemented.

#### Recommendations

- Ensure timeously implementation of the proposed mitigating plans
- Integrate risk management into day-today departmental and institutional operations.

#### **Communications**

The unit has embarked on a number of substantive and strategic engagements with residents, local agencies and regional stakeholders through District Communicators Forum. This is done to ensure that we benchmark with various institutions in terms of ascertaining that government mandate is achieved.

Regular updates of all stakeholders and employees of the Nkomazi Local Municipality about developments in the municipality through standard press briefings and media interviews before and after each and every significant event. (2 radio slots with Ligwalagwala FM every quarter and continuous print media briefings on an adhoc basis).

Furthermore, we print and distribute our municipal newsletter every four months to ensure that the public is aware of the municipal programmes, achievements and shortcomings. We also utilize our interactive municipal website to update activities of the institution

www.nkomazi.gov.za . The introduction of social media as one of our communication's tools has made us to be able to communicate to the youth through Facebook and twitter, thus has made us to be prompt and get proper feedback quicker.

However, we are faced with some challenges which include limited budget to procure media airtime (radio and TV airtime, proper municipal branding and proper staffing (personnel) etc. The fact that we have identified and acknowledge our shortcomings does not stop us from proper strategizing for the future.

Being proactive and readily available to communicate issues affecting our institution is our main priority to attain a 'better life for all'.

## PUBLIC PARTICIPATION

The Municipal Systems Act is very specific on the need for community participation.

Community participation — derive from Section 152 (1) e of the Constitution, requires municipalities to encourage the involvement of the community organizations in the matters of the local government.

The provisions of community participation in the Municipal Systems Act therefore have a constitutional base.

The local community should be enabled to participate in the affairs of the municipality, and Councillors and staff to foster community participation. Use its resources; annually allocate funds in its budgets, as may be appropriate for the purpose of implementing the above provisions.

However, these provisions must not be interpreted as permitting interference with a municipal council's right to govern and to exercise the executive and legislative

authority of the municipality as conferred by the Constitution. In other words, a balance must be struck between community participation and the acts of government:

At some point participation must cease and governing must begin.

The legislation refers to IDP, Performance Management, Budget and Strategic Decisions on the provision of municipal services.

The reference to the above is preceded by the words 'including in', the legislation is not exclusive. It would be contrary to the intent of the constitution not to extend community participation to all services, facilities and development.

## PROCESSES AND PROCEDURES FOR COMMUNUTY PARTICIPATION

Community Participation must take place through:-

Political structures e.g. sub council and ward committees, Municipal Structures Act. The mechanisms, processes and procedures e.g. communication Strategies and Public Participation, IDP forums, traditional councils, appeals board, Izimbizo, etc

Municipality should provide conducive environment for:-

- -the receipt, processing and consideration of petition and of the complaints lodged by
- members of the community,
- -notification and public comment procedures, when appropriate,
- -public meetings and hearings by the council and other political structures and
- political office bearers of the municipality,
- -consultative sessions with locally recognized community organizations and
- traditional institutions where applicable,
- report back to the community, e.g. Annual report as per the prescriptions by the MFMA.

- The Municipality is expected to provide mechanisms to cater for:-
- ✓ People who cannot read or write
- ✓ Language preference
- People with disabilities, e.g. who cannot get to libraries or municipal offices to read documents open for public inputs,
- Other disadvantaged groups.

The above legislative background laid a foundation and guided the Nkomazi Municipal Council to approve a programme to establish ward committee from all the 33 wards which constitute Nkomazi sub-region. This programme was undertaken in August 2011, two months after the inauguration of the Municipal Council.

Through the office of the Speaker of council who champion all matters on public participation, we successfully re-established all the 33 ward committees from the 33 wards. Because knowledge has proven to be the base of creating a different thinker in a society, a thinker who will make meaningful contribution in the lives of our people; from this

premise, we successfully conducted one induction/workshop and one capacity building workshop during the month of September and November respectively. However, these trainings claimed above exclude a series of training organised by sector departments including SALGA. Through the administrative support we provide to the ward committees as legislative mandate, we have employed two CLOs Community Liaison Officers who assist ward committees with organising meetings by providing loud hailing services and reporting template, hence they should report monthly.

Observing from the reports submitted by ward committees, we can safely pronounce that ward committees in Nkomazi are functional and active in executing their responsibilities, though challenges are inevitable on matters of social activities.

Ward committees are designed to extend the services of council closer to communities; they are a platform for engagement between the municipality and communities. The IDP process plan which was approved by council on August 25, 2011 couldn't be a success if ward committees

were not at the forefront of the programme.

Credibility of our IDP is rated at 79% this year 2012 from the 70% in 2011 as done by Cogta national and provincial, this was achieved through our approach on the IDP process plan and the way we conducted public participation both on the IDP and Budget process.

As Nkomazi Municipality we intends to reap the following benefits from public participation

- Create an enabling platform for community engagement
- Builds or restore confidence of the communities into the system of local
- government
- Encourages citizens focused service delivery
- Reduces levels of misconception
- Bridges the gap between Government and communities
- Contributes towards a culture of learning (Community Empowerment)
- Increased level of accountability
- People centred governance/development
- Enhanced decision making

### "Together we can build better communities"

#### The legal Unit

The legal department was established in March 2009. This department falls under corporate services and has one official

#### Responsibilities Legal Support Section and its mandate

- 1. Attend to legal property matters (i.e. transfers, sale deeds, contracts (initiations and cancellations, leases, registrations, draft property related reports etc.)
- 2. Ensure legislative compliance in all departments
- 3. Issue instructions on litigious matters
- 4. Attend to disciplinary hearings
- 5. Prepare legal opinions
- 6. Draft By-Laws
- 7. Draft policies
- 8. Coordinate training workshops for staff on policies and bylaws
- 9. Draft donation agreements
- 10. Attend to legal enquiries by the public
- 11. Finalize tender items 12.
  Draft and interpret contracts
- 13. Prepare and submit legal updates on local government legislation and policies to management.

#### **Achievements**

- There is a decrease in outsourcing of disciplinary hearings, because more matters are being resolved internally.
- 2. Policies and by-laws have been formulated or amended.

- 3. Almost all disciplinary hearings have been resolved except those who have been referred to the South African Local Bargaining Council:
  - a. The Lubbe matter= our Attorney Mr. AM Vilakazi has applied for the reviewal of the arbitrator's ruling to the labour court.
  - b. The Shabangu matter=
    the arbitrator ruled that
    the South African Local
    Bargaining Council lacks
    jurisdiction to hear the
    matter.
- 4. All civil claims against the municipality are defended in time and the legal section receives reports of all litigations in time
- 5. All matters with possible legal consequences related to the municipality in general are being attended to as part of the normal daily function of this office, legal responsibilities also entail periodic consultation with council lawyers.
- The legal unit is part of municipal district legal forum which is formed by all legal sections within the district.
- 7. 13 drafts by laws submitted to portfolio committee on 8<sup>th</sup> April 2012 and will be approved by council once public participation has been conducted

#### **Challenges**

Under staffing
Poorly prepared agreements
e.g. service level agreements
Poorly conceived litigation
Failure by departments to
consult the legal section before
concluding/ signing of any

contract, resulting in civil claims against the municipality Lack of legislative updates Lack of legal resource bases/centers
Increase in disciplinary hearings

#### Recommendations

- Propose amendments to the organogram to accommodate new appointments to the legal division
- Introduce procedure manual requirements on the preparation and signing of new contracts or the taking over of existing ones.
- Introduce new measures and procedures to be adhered to before legal proceedings are initiated.
- Subscribe to the institutions that supply legal updates to ensure that we are fully apprised of new developments in local government legislation and policy.
- Procure or subscribe to Lexus nexus or any other legal resource service to ensure that we have unfettered access to legal material.
- Establish partnerships with legal divisions of sister municipalities and share experiences.
- Departments must consult the legal department before drafting or signing legal documents.

### **Programmes**

The legal section, Risk section and HR SECTION will embark on a month-long programme aimed at providing awareness to the whole institution. These programmes will workshop employees on all institutional policies and procedures. This programme will kick start from the first week of October 2011 until the last week of October 2011. Directors and Managers of all the departments will be informed in writing as to the dates of the workshop in order to make arrangements with their officials.

### **Transversal**

#### **Mandate**

The Special Groups focus was proclaimed by the Presidency as the most vulnerable and historically disadvantaged individuals (Women, Children, Disabled Persons, Elderly and Youth). The Mandate of the Government is to ensure that the above mentioned Special Groups are given preference in Service Delivery by:

- Ensuring effective coordination of Special Groups issues (Women, Children, Disabled Persons, Elderly and Youth Development).
- Liaison between the community, stakeholders and Government Departments for rendering services to the public.
- Ensuring that Special Groups issues are main streamed within the Municipal Business.

#### **Achievements**

- Launched the Youth, carrier exhibition on the 20<sup>th</sup> March 2012, with 1500 participants
- Facilitated Learnership on plumbing for 20 youth in conjunction with NYDA and MRTT
- Launched Tertiary
  Assistance Programme for
  16 leaners

### **Challenges**

- Insufficient staff (unfilled posts).
- Insufficient budget allocation for special groups and sufficient resources

### Recommendations

- All vacant posts to be filled to accelerate service delivery for Special Groups.
- Nominate Councillors within the Portfolio to be responsible for each special focus.

### **Youth Development**

Nkomazi Youth Policy, National youth policy and integrated youth development frame work serves as a guiding tool for the implementation of youth development programmes covering the entire Nkomazi Sub-Region

### **Youth Summit/Career Expo**

The Municipality has hosted an annual youth summit in partnership with Department of Public Services. NYDA, SEDA

Government Departments and Parastatals were invited to present opportunities and funding for youth development initiatives. The main aim is to disseminate information and also capacitate young people to take informed decision about their future prospects.

#### **Career Exhibition**

The municipality hosted an annual career EXPO targeting most rural youth and schools. The project was organised by the Municipality in conjunction with the DPSA in March 2012. the Department of Education as a partner and other government departments, universities, FET's and other institutions of higher learning exhibit about career opportunities requirements, for academic entrance to universities and bursary opportunities.

### **Disabled Person**

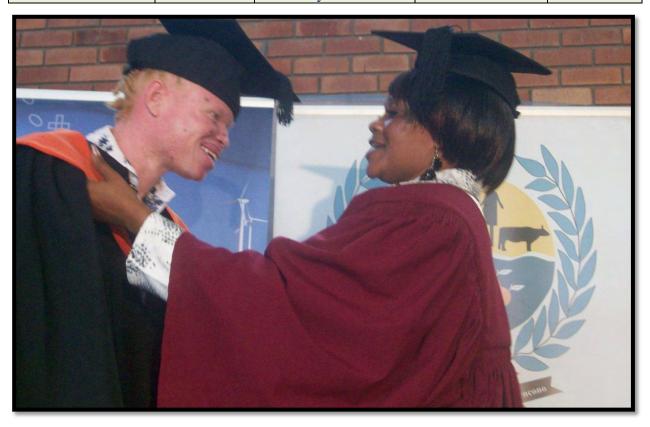

To mainstream issues of disabled persons and advocating

for them the municipality has assisted different groups to participate in Premier's Disability Awards 2011.

The following candidates won in the achiever awards

### MPUMALANGA PROVINCE WINNERS FOR THE MPUMALANGA PREMIER'S DISABILITY ACHIEVER AWARDS 2011 NKOMAZI LOCAL MUNICIPALITY

### **Gender mainstreaming**

The objective is to mainstream issues of gender with regard to violence and abuse. The Municipality has managed to host the 16 Days of Violence against women and Children in the month of November 2011 together with SABC, and TSB at Mzinti Community Hall.

Food parcels were distributed to needy people.

Men's Indaba was successful hosted in the month of July to conduct dialogues at Mzinti Hall.

### **Once of Registration Fund**

The Nkomazi Municipality has invited matriculants disadvantaged background to apply for a once-off tertiary registration fee for students who wanted to further their studies during the 2011/12 financial year. The application forms were available Malalane Civic Center. In 2012, Sixteen Learners were assisted with the once off registration fee.

### **Conditions of Consideration** were:

- 1. Only South African Citizens eligible to apply
- 2. Preference is on first year undergraduate / first diploma / Critical Skills
- 3. Financial Support is for Registration Only
- 4. Need to fill-in the application form with supporting documents.

Below is the list of students who benefitted from the programme according to the field of study and institution

NAME OF STUDENT	NAME OF COURSE	NAME OF INSTITUTION
Mashaba Kateko Happy	Diploma Tourism	Tshwane University of Technology
Siwela Vusi Boys	Diploma Surveying	Tshwane University of Technology
Fundama Sicelo Esau	B. Occupational Therapy	UKZN West Ville
Mthembu Nokuthula Faithful	Tourism Management	TUT(Nelspruit)
Shakwane Banele	National Diploma in Radiography	Central University

Siwela Siboniso Mandla	Town and Regional Planning	University of JHB
Maphanga Yolanda Cebile	Bachelor of Arts	Limpopo University
Shongwe Zinhle Charity	BCOM Accounting	University of Venda
Mamba Mbongeni Bester	Electrical Engineering	DUT
Bhila Benedicta	Mining Engineering	University of JHB
Silinda Princes Pearl	BA: Law	University of Pretoria

### **Human Resource Division**

#### Mandate

Chapter2, section7 of the constitution.1996, establishes the Bill of rights as the cornerstone of democracy in South Africa and affirms the democratic values of human dignity, equality and freedom. The municipality, as a sphere of Government, is required to respect, protect, promote and fulfill these rights which include resources. human Responsibilities of Human Resource

- Labour relations
- Occupational Health and Safety
- Skills development
- Recruitment and selection
- Wellness
- Human resource management
- Human resource planning
- Organisational structuring

#### **Achievements**

- Task implementation only one of few municipality who could manage to implement the new Task system
- Organogram under review
- Filling of most critical posts (no consultants)
- HR received 100% mark on IDP review
- Achieved Best skills development for the second year in a row
- Wellness program for all officials and councillors has been established
- Managed to establish safety committees

- Regular personnel meetings were held
- Active labour forum
- Various policies developed and adopted
- PAY DAY implementation (human resource component)

### **Challenges**

- Not enough qualified training providers
- Municipality does not have an integrated computer system-communication therefore very difficult
- More than 90% of management less than 5 years municipal experience
- Age profile young inexperienced workforce
- Nkomazi is a rural area and it is not easy to access qualified, experienced people
- Lack of funding
- Lack of office space
- AIDS has a substantial impact on workforce

### **Performance Management**

- The Local Government:

  Municipal Systems Act no
  32 of 2000 place the
  responsibility of
  establishing a performance
  management system to the
  Executive Mayor.
- The Act also allows the Executive Mayor to delegate the powers of establishing the PMS to

the Municipal Manager as the Head of administration

### **PMS Policy framework**

Performance Management System Policy / Framework was adopted by Council on the 26 May 2010 (Council Resolution No. NKM: GCM: A039/2010), this was the first review since 2006. Currently the performance management system implemented to section 56 managers but the municipality intends cascade to all employees in the near future.

### Performance Management Model

- The Nkomazi Local Municipality has adopted the Balanced Scorecard as its performance management model. The Balanced scorecard fully integrates with the IDP as the IDP provides the basic framework of performance expectations.
- It is a proven tool that creates synergy and enables alignment of priorities and coherent reporting. The municipality has challenges with issues IDP and **SDBIP** alignment. However the municipality has taken an initiative in trying to resolve the challenges.

### Performance agreement 2011/2012

Nkomazi Local Municipality 56/57 section managers have entered into Performance Agreement with the municipality for the financial year 2011/12. This is in line with the MSA of 2000 and performance regulations. Performance Agreements for 2011/2012 adopted by council on the 29 June 2011 (Council Resolution NO.NKM: S-GCM: A056/2011).

### **Performance reviews Cycle**

## The performance intervals are supposed to be as follows:

- 1<sup>st</sup> quarter (September) performance reviews
- 2<sup>nd</sup> quarter (December) performance reviews (assessment)
- 3<sup>rd</sup> quarter (March) performance reviews

- 4<sup>th</sup> quarter (June) performance reviews (assessment)
- The performance information (quarterly reports) is audited quarterly by the audit committee.

NB! The assessments were not conducted due to the fact that four out of the five section 56 managers including the Accounting officer (Municipal Manager) were on an acting capacity.

### **Cascading PMS to all staff**

The Performance
Management System
covers only the section 56
managers. The municipality
has a plan to cascade the
PMS to all levels in the
municipality with assistance
from SALGA.

### **Achievements**

- Service Delivery and Budget Implementation
   Plan for financial year 2011/2012 submitted.
- The section 56/57 managers signed performance contracts for 2011/2012

- Performance reports for each department are submitted on a quarterly basis.

### **Challenges**

- lack of understanding on performance information in both staff and councillors
- Lack of proper quarterly reporting and late submission of reports.
- Assessment of section 56
   Managers was not performed
- Shortage of staff in the PMS unit

### Recommendations

- Α PMS awareness be conducted both on councillors and officials and PMS task team program be for compiled the functionality of the performance management in the municipality
- PMS co-ordinator will be appointed in the next financial year (2012/2013)
- A schedule of deadlines for reporting will be formulated and communicated

### **EQUITY STRUCTURE**

The following table provides staffing information

The equity structure within the Municipality as at 30/06/2012:

The equity structure within the Municipality as at 30/06/2012:	TOTAL	PERCENTAGE
EMPLOYEES GENDER DESCRIPTION		
Total Male	696	71.75
Total Female	274	28.25
Disabled	6	0.61
EQUITY	TOTAL	PERCENTAGE
Total Black Male	685	70.61
Total White Male	11	1.13
Total Coloured Male	0	0
Total Indian Male	0	0
Total Black Female	264	27.21
Total White Female	10	1.03

### **BUDGET AND TREASURY DEPARTMENT**

This is the annual report to indicate the performance of the Budget and Treasury Department for the financial year 2011/12.

#### STRATEGIC PLAN

The strategic goal of the Budget and Treasury Department is to ensure the financial viability of the municipality by effectively managing the financial resources and assets of the municipality. This includes revenue management and enhancement as well as debtor management. The management of acquisitions of the municipality and the safeguarding and monitoring of assets are also entrusted to the department. The municipality's complete financial viability is ensured by providing support to other departments.

# SERVICE DELIVERY BUDGET AND IMPLEMENTATION PLAN 2011/12

KEY PERFORMANCE AREA (KPAs)

- 1. BASIC SERVICE DELIVERY, PUBLIC PARTICIPATION & GOOD GOVERNANCE
- 1.1. Financial Management

- 2. MUNICIPAL FINANCIAL VIABILITY & MANAGEMENT
- 2.2 Revenue Management
- 3. MUNICIPAL EFFECIENCY & PRODUCTIVITY
- 3.2 Financial Accounting
- 3.3 Supply Chain Management
- 4. INSTITUTIONAL DEVELOPMENT & TRANSFORMATION
- 4.2 Staff Management

#### **PERFORMANCE**

# KPAs: BASIC SERVICE DELIVERY, PUBLIC PARTICIPATION & GOOD GOVERNANCE

### **Financial Management**

### **Achievements**

- The Time Schedule of key deadlines and Budget & Treasury Steering Committee Meetings were tabled and adopted by Council
- Revenue projections for next 3 years for all departments tabled to Council and approved
- All budget related policies reviewed approved by Council

- Budget document prepared and consolidated and were made available to the Budget & Treasury Steering Committee
- The 3 year draft budget adopted by Council, advertised and made available for public comment as prescribed by the MFMA
- Consultation meetings conducted with the community
- The Adjustment budget adopted by Council
- Final 2011/12 Budget was approved by Council in June
- Annual Financial Statements submitted on time
- Achieved an unqualified audit opinion

## KPA: MUNICIPAL FINANCIAL VIABILITY & MANAGEMENT

### **Revenue Management**

#### **Achievements**

- An average of 83% collection rate on rates and taxes
- All objections and appeals to the valuation roll were dealt with to the satisfaction of the complainants
- R6.5 million decrease in the debtors book

- The indigent register compiled
- Financial Reports submitted and approved by Council
- Tariff fees reviewed and approved
- Reviewed and implemented the Municipal Property Rates Policy approved by Council
- Reviewed Indigent policy approved by Council
- A total of 48 tenders were awarded.

### **Challenges**

- e-Venus financial system not optimally used due to lack of training
- The implementation of the Revenue
   Enhancement Programme as it is not the function of the department alone
- No bad debts were written off this financial year
- Debtors Data not cleansed as it forms part of the Revenue Enhancement Programme which was not yet implemented
- Larger population stays in the communal land where they don't have title deeds therefore there must be a speeding up of the land tenure upgrade application for other areas that have potential of revenue collection so that

- property rates can be implemented in rural areas
- Determination of rates/tariffs on communal land where there is potential revenue collection has been difficult but a nominal rate will be charged in areas where there is potential revenue collection. Speeding up of the land tenure upgrade for these areas will assist
- The supplementary valuation roll compiled and implemented

## KPA: MUNICIPAL EFFECIENCY & PRODUCTIVITY

### **Financial Accounting Achievements**

- Monthly reports submitted to all relevant stakeholders, Provincial and National Treasury
- Compliance to GRAP maintained
- Monthly Financial
   Reporting, Cash Flow and
   Staff Benefits reports
   done
- Bank statement reconciled on a monthly basis
- Annual Cash Flow document prepared and approved together with the budget and revised during the budget process

- Reviewed and implemented the Credit Control and Debt Collection Policy
- Bad debts collected with the assistance of debt collectors and attorney which lead to the R6.5 million decrease in debtors
- Fleet management fully implemented

### **Challenges**

- High cost of attorney fees in collection of debt owed to the municipality
- System not fully used due to lack of training

### **Supply Chain**

### **Achievements**

- Supplier Database updated and available
- Deviations have decreased
- Database policy developed, approved and implemented
- Tenders are evaluated /Adjudicated on continuous basis and reported to Council
- The Reviewed Supply
   Chain Management
   Policy was submitted
   and approved by Council
- Assets to be disposed were identified
- GRAP compliant Fixed
   Asset Register including movable and immovable asset register compiled, available and accurate as

- it is updated on the acquisition of a new asset
- Asset Management and Disposal Policy reviewed to include maintenance & Impairment
- GRAP compliant Inventory Policy approved
- Infrastructure asset register converted to comply with GRAP and updated
- Asset Management Plan developed and implemented

### **Challenges**

- Rotation of suppliers for procurement of goods done manually
- No automated inventory management system in place as manual stock cards are used
- The ineffective disposal committee which has led to assets not being disposed
- Shortage of staff

## KPA: INSTITUTIONAL DEVELOPMENT & TRANSFORMATION

### **Staff management**

- Critical vacant posts advertised
- 5 interns contract
   extended as part of
   compliance to National
   Treasury
- Chief Financial Officer post filled

### INFRASTRUCTURE DEVELOPMENT DEPARTMENT

### **Departmental Overview**

The Infrastructure Development Department comprises of four Sub-Directorates (each with numerous sections), namely:

- Water and Sanitation Services;
- Roads and Storm-water Services:
- Electrical Services: and
- Project Management Unit (PMU).

### **KEY PERFOMANCE AREAS**

The performance of the Department is measured against the performance areas as identified and approved by Council, namely:

- 1. Basic Service Delivery
- 2. Good Governance and public participation
- 3. Local Economic Development
- 4. Municipal Financial Viability and Management

5. Municipal Institutional Development and transformation

#### **KPA 1: BASIC SERVICES**

The water and sanitation services section of the department is concerned with the following key development objectives/goals:

- To improve the access to basic services and infrastructure of all households in the municipal area.
- To provide an efficient and effective Water and Sanitation Function.
- Provide all customers with adequate, quality and affordable water in a costeffective manner.
- Provide sufficient waterborne sewage system for the urban areas and VIP toilets for the rural villages.

- To ensure and facilitate the adequate provision of infrastructure for housing and other development initiatives.
- To facilitate good governance and public participation in all projects to be implemented.

### KPA 2 GOOD GOVERNANCE AND PUBLIC PARTICIPATION

The roads and storm-water services section of the department is concerned with the following key development objectives/goals:

- To improve the access to basic services and infrastructure of all households in the municipal area.
- To render an efficient and effective Roads and Storm-water function.
- To ensure adequate provision of infrastructure

for housing and other development initiatives.

### **KPA 3: LOCAL ECONOMIC DEVELOPMENT**

- To manage the repairs and maintenance of all municipal buildings.
- To provide sate and quality roads and stormwater network.
- To facilitate good governance and public participation in all projects to be implemented.

## KPA 4: FINANCIAL VIABILITY AND MANAGEMENT

The electrical services section of the department is concerned with the following key development objectives/goals:

 To improve the access to basic services and infrastructure of all households in the municipal area.

- To eliminate electricity bag-locks within the municipal area.
- To prevent break-downs by maintaining networks and infrastructure.
- To replace redundant over-headlines to ensure cost effectiveness, sustainability and safety.

### KPA5: INSTITUTIONAL DEVELOPMENT

- To ensure access to power for all before the year 2014.
- To render an efficient and effective electrical service.
- To facilitate the repairs and maintenance of street lights to the required standards.
- To facilitate good governance and public participation in all projects to be implemented.
- To create safe and sustainable electrical infrastructure.

## KPA 6: MUNICIPAL EFFECIENCY AND PRODUCTIVITY:

The PMU section of the department is concerned with the following key development objectives/goals:

- To render an efficient and effective Project Management Unit.
- To manage its financial affairs through project management
- To facilitate good governance and public participation in all projects to be implemented.

The 2011/2012 MIG allocation was R112, 208,000.07. This report sets out to show the level of usage and implementation of the MIG funds in the year 2011/2012 and also to show the impact of the funding on the community as the beneficiaries.

### **PROJECT MANAGEMENT UNIT**

The 2011/2012 MIG allocation was R112, 208,000.07. This report sets out to show the level of usage and implementation of the MIG funds in the year 2011/2012 and also to show the impact of the funding on the community as the beneficiaries.

### **Introduction**

This report aims at summarizing the utilization of the 2011/12 Municipal Infrastructure Grant (MIG) funding to the Nkomazi Local Municipality. The objective of the MIG funding is to expedite service delivery to Municipalities that have backlogs in order to reach the stated Millennium Development Goals. The 2011/2012 MIG allocation was R112,208,000•07 This report sets out to show the level of usage and implementation of the MIG funds in the year 2011/2012 and also to show the impact of the funding on the community as the beneficiaries.

### **Background**

Since the establishment of the PMU section in mid-2007, the MIG expenditure showed marked and tremendous improvement in Nkomazi Local Municipality. The table below shows the MIG expenditure performance in the last 4 years.

	2008/09	2009/2010	2010/2011	2011/2012
MIG Budget	R64,136,000	R78,280,000	R91,482,,000	R112,208,000.07
Expenditure	R64,136,000 (100%)	R78,280,000 (100%)	R91,482,000 (100%)	R112,208,000.07

### **Progress to date**

The progress on Project implementation is summarized below. Projects completion was affected in some instances by lack of capacity of service providers but the PMU addressed these challenges in order to complete the projects. Projects were implemented within the MIG framework. Consulting engineers were used for the design and supervision of the projects, and only CIDB registered Contractors were used in the construction process and the Municipality's PMU monitored the service providers during implementation.

The projects had local community involvement in the following manner:

- A Community Liaison Officer (CLO) was employed and involved in all projects
- The Councillors for the particular area were actively involved in the Project Steering Committee and were represented at meetings by the CLO
- Local labour was employed for project implementation

### **Expenditure Details**

The Table below shows the monthly expenditure from July 2011 to July 2012. Expenditure on PMU salaries, and office equipment was also taken from the MIG allocation.

### **Monthly MIG Expenditure**

Month	Total Monthly Payments
July 2011	RO
August 2011	R9,383,453.35
September 2011	R28,535,697.98
October 2011	R8,735,564.00
November 2011	R21,274,239.58
January 2012	R8,970,056.59
February 2012	R6,690,220.42
March 2012	R5,791,230.55
April 2012	R3,690,165.90
May 2012	R2,924,397.60
June 2012	RO
July 2012	R 8,835,025.52
PMU Operational costs (2,7%) included on the June 2012 Monthly expenditure	R 3,899,629.00
TOTAL	R 112,208,000.07 (by July 2012) 100%

NB: The 100% expenditure of the MIG allocation was reached by 31 July 2011.

The roll-over of R3, 478,319.51 was requested from National Treasury to be retained. The following schedules show the extracts from the 2011/12 PMU Business Plan and the actual expenditure and status of projects executed in the 2011/12 financial year. The expenditure shown and the physical progress is the actual current progress as at 31<sup>st</sup> July 2012.

Pipeline	from Masibekela	Diameter	17,100,000	10,263,200.27	Completed	Roll-over project
	treatment works	pipeline				

### **Monitoring**

- ➤ Technical Monitoring for quality and performance to specifications was carried out by the Consulting Engineer who had been employed to manage the specific project. The Municipality however attended progress review meetings to ensure that the project was on track and performance was according to agreement by all service providers.
- Financial monitoring was carried out through expenditure tracking of Payment Certificates. Any indications of extra funding requirements would be picked up while the project was still on going in order to arrest any major variations.
- ➤ The PMU facilitated the progress of construction by recommending the sub —contracting of certain phases of the project where the main contractor clearly showed lack of technical expertise. This was done in order to save the project from complete failure.

### **Results & Benefits**

The Municipality has a data collection section which enters all the data related to specific projects. The broad outcomes and outputs as defined in the IDP document are:

<b>Priority Issue</b>	Objective	Measure		Target	Date
		Output	Outcome		
Water Infrastructure	Provide adequate, affordable water in a cost effective manner	Consumers provided Consumers paying	Consumers with access Revenue collected	80% of households 100% of households	30 June 2012
Sanitation	Provide waterborne sewer for urban and VIP for rural	Households connected Households with VIP toilets	Households with Access Households with Access	100% of households 80% of households	30 June 2013
Roads & storm water	Provide safe and quality roads and Storm water Network	Kilometres tarred/ upgraded with Storm water Drains	Improved mobility And safe roads	80% of households	30 June 2012
		Kilometres of access streets with storm water drains	Improved mobility and safe roads in settlements	90 % of all routes within settlements	30 June 2012
Water Infrastructure	Provide adequate, affordable water in a cost effective manner	Consumers provided Consumers paying	Consumers with access Revenue collected	80% of households 100% of households	30 June 2012
Sanitation	Provide waterborne sewer for urban and VIP for rural	Households connected Households with VIP toilets	Households with Access Households with Access	100% of households 80% of households	30 June 2012
Roads & storm water	Provide safe and quality roads and Storm water Network	Kilometres tarred/ upgraded with Storm water Drains	Improved mobility And safe roads	80% of households	30 June 2012
		Kilometres of access streets with storm water drains	Improved mobility and safe roads in settlements	90 % of all routes within settlements	30 June 2012

An Annual Review of the IDP is carried out with a view to continuously address new challenges that may have arisen and also to review the current position. A Comprehensive Infrastructure Plan (CIP) document has been completed and the Municipality intends to approach the infrastructure mindful of the CIP document.

#### Conclusion

The major success of the program is that the strategic issues identified in the Nkomazi Local Municipality IDP are being tackled. The way and direction has been set and the provision of service is improving. Past constraints of delays have been overcome through forward planning and commitments. However the issue maintenance of the installed infrastructure shall now form a

new focus area. The Municipality also intends to the address issue Ωf sustainability of the water infrastructure through engagement of а service provider who shall ensure compliance with the by-laws of the Municipality.

### **Lessons Learnt and Recommendations**

The implementation of the MIG projects on time requires

continuous funding from MIG. The backlogs are still huge and require substantial financial commitments to be overcome.

The recommendations are that the programme be fully supported by MIG as it is indeed making significant impact in the provision of infrastructure services. However more focus shall now be made on Operation and Maintenance of the infrastructure to ensure sustainability.

#### SECTION- C: BACK-LOGS AND CHALLENGES WITHIN THE NKOMAZI MUNICIPAL AREA

Services	Population	Backlog
Water	±5947 (Households)	± R135,979,026
Sanitation	±41575 (Households)	± R279,211,764
Roads	±1252 kms	± R3,174,084,507
Electricity	±5046 (Households)	± R72,662,400

## The following challenges have been identified as critical:

- Illegal connections from the bulk water supply has been identified as a major course to the supply of water
- Same to Electrification, there are huge illegal connections which are of no proper Control to Communities
- The suspension of water for all flagship project has also caused serious concerns to Communities because there

was hope that water will be available at least 18hrs per day, the creation of unfinished infrastructure through water for all flagship project which is unfinished and the leftover of trenches which are creating donga has caused problems.

- The area which is significant to be attended to is the Technical Capacity of personnel especially on the senior positions and plant operators
- Insufficient resources to upgrade our road, electrical and water infrastructure

### **Envisaged strategy:**

Since the council has requested to implement a management contract for the proper supply of water services to enhance service delivery and revenue management. This will assist the municipality to create its capital investment through revenue services and it will lead to focus on every household to pay for services in the next three to five years to provide for insufficient resources.

### CHAPTER 3

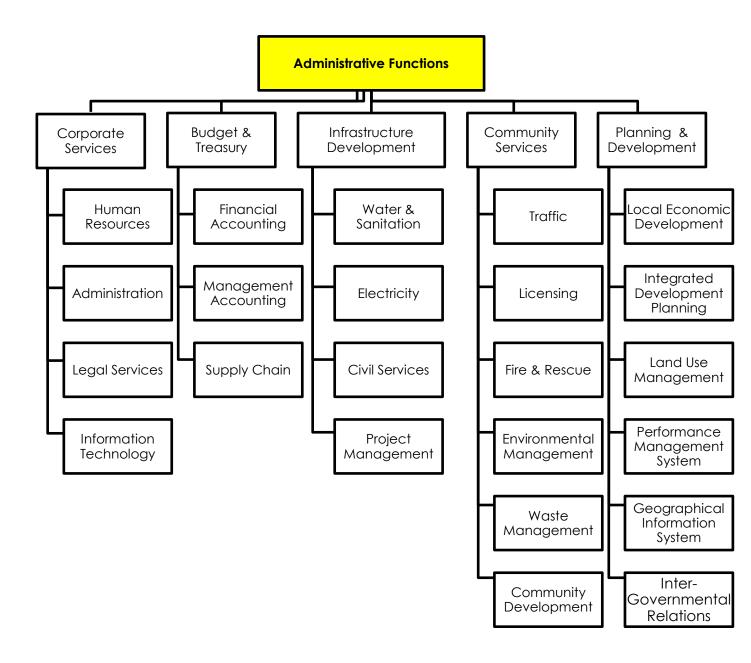

### Human Resources and other Organisational Management

- o Organisational Structure
- o Human Resources Profile
- o Staffing Information
- o Skills Development Programme
- o Disclosures
- o Occupational Health & Safety
- o Employee Assistance Programme

A macro Organisational structure which displays the departments and functions is as follows:

#### Administration

The administration of the municipality is headed by the Municipal Manager. The Municipality has five administrative departments, each being headed by a section 56 Manager. In addition the Operational Manager within the Office of the Manager Municipal responsible for the efficient and effective of operation all departments.

### Office of the Municipal Manager

The Office of the Municipal Manager consists of the following functions: Internal Audit; Communications and Risk Management.

#### Internal Audit -

Responsibilities include the provision of internal audit services to the Municipality. The section also facilitates external audit services required by the Municipality.

#### Communications

Responsibilities include the coordination of corporate communications. events. general marketing and maintenance of the municipality's profile. This section also acts as the vehicle for the realization of intergovernmental and corporate governance structures and events.

### Risk Management

Responsibilities include the development of municipality's vision for risk management and risk

### management

implementation plan. This section also communicates municipality's the risk framework to all stakeholders the in institution and monitoring its implementation. It also assists management with identification. risk assessment and developing of response strategies and reports the register risk to the Accounting Officer, Management Risk and Management Committee. Also participates with Internal Audit. Management and Auditorin General the development of combined assurance plan for the municipality.

The following policies and by-laws were developed and in certain cases reviewed during 2011/2012 financial year and some have not been approved by Council:

- HR Strategy
- HR Standard
  Operational procedures

The following are the medical aid schemes in operation in the Municipality:

- Bonitas
- Hosmed
- La health
- Key health
- SAMWU med

The following are pension fund schemes in existence in the Municipality:

- Municipal Council Pension Fund (MCPF)
- Municipal Gratuity Fund
- (MGF)
- Municipal Employees Pension fund

### Skills Development Programme

A total of 993 Employees received training in the 2011/2012 financial year at a cost of R1603000

### Minimum Competency levels for Senior Management

The Municipal Finance Management Act, Section 83, 107 and 119 prescribe that the Accounting Officer, Senior Managers, the Chief Financial Officer and other financial officials of the municipality must meet the financial management competency levels prescribed by regulations. National Treasury issued regulations on Minimum Competency levels on 15 June 2007. The regulations prescribe the minimum competency levels for the following categories employees:

- Accounting Officers of municipalities and municipal entities;
- Chief Financial Officers of municipalities and municipal entities;
- Senior Managers of municipalities and municipal entities;

- Other Financial Officials of municipalities and municipal entities; and
- Supply Chain Management Officials of municipalities and municipal entities;

regulations The further requires each municipality to report in its Annual Report consolidated information in respect of progress made in the attainment of minimum competency levels by the above mentioned categories of employees.

The report on progress made as at 30 June 2012 is provided in the table below in a format provided by the National treasury.

**Column A** – gives the total number of officials employed in the categories mentioned above.

**Column B** – gives the total number of officials employed by the municipal entity if applicable and such officials being in the categories mentioned above.

**Column C** – gives the total number of employees covered in column A and B

**Column D** – gives the total number of employees that have undergone competency assessment.

**Column E** – gives the total number of officials whose performance contracts for the year ended 30 June 2012 indicated the attainment of these

competency levels as a performance target.

**Column F** - gives the total number of officials that

meet the minimum competency levels.

### **Annual Report - Employee Wellness Programme**

#### **BACK GROUND**

It is a programme that is under Human Resources
Department as a subprogramme for
Occupational Health and
Safety for promoting and supporting employee's health and wellness in the work place also for those

employees who are faced any kind of problems.

#### **PURPOSE**

In Employees life, it is increasing safety, improve morale; problem solving it is also creating health awareness.

On the **Organisation** it increases productivity, reduce costs (absenteeism, whereby other employees sick at home for a long period but get paid, etc).

#### **PROGRAMMES**

Number of Wellness

Awareness Meetings per

quarter was conducted in order to inform employees about this programme and how are they going to be assisted since it is new in Nkomazi Municipality. Site visits to remind employees about t. Distribute posters in various departments for wellness issues, emailing wellness articles to employees and the messages to every Employee that reminds them about this programme.

Employees received counselling according to the problem that is presenting with, for example employees who were facing bereavement – were referred for emotional support to the psychologists, employees who were traumatised e.g. robbed at work was referred for counselling including Accidents happened also in relationships including

family members (spouse, children)

One on one interview was made on the employees who were taken more sick days .Employees who are terminally sick at home were visited for the support, reported to Human Resources for Medical unfit. Employees who are on medication, their supervisors were advised to allow them for that certain day. Employees who are HIV affected are advised during awareness's to go and get medical fit since it is voluntarily to get tested.

Financial matters,
employees were coached to
deal with finances, also
about the budgeting. Those
who were garnished were
advised on how to deal with
garnishee orders.
Employees done their eye
testing as part of their
health and wellness.

#### **CHALLENGES**

Other Departments do not report employees who need Assistance, they tend to back up others when they are not coming to work or either they terminally sick at home for a long time. On HIV/AIDS some people are still on denial of coming out and admit that is why the statistic is a bit higher because this is still a problem. The office space for confidential information and for employees who are coming to seek for the assistance. EWP does not have a budget even if the employees can engage themselves in sports e.g fun run as part of wellness programme, the will be no water to provide.

### ACHIEVEMENTS/RECOMME NDATIONS

Employees are aware of
EWP because the
percentage of employees
who are accessing EWP has
increased. Planning to:

Invite Medial Clinics for check-up, financial advisors for employees to get financial assistance. Invite HIV/Aids counsellors to do counselling and testing and also to give information to employees. Also do

wellness day in order to assist in promoting this programme within the University.

### **Annual Report - Occupational Health and Safety**

In the financial year of 2011/2012,
Occupational Health and Safety has managed to empower employees to take priority in their own safety and their workplace surroundings

### ACHIEVEMENTS SAFETY AUDITS

A total16 safety audits have been conducted and reports were compiled for various workplaces including offices, water purification plants and standby quarters. The safety audits serve to indicate key areas that can have detrimental effects to the health and

safety of workers
occupying the workplace;
the reports were
forwarded to the relevant
heads of departments.
The outlined areas need
to be rectified to increase
the level of compliance to
safety standards, and the
rectifications were mostly
cost effective.

#### **SAFETY COMMITTEES**

A new safety committee
has been established
making the total of safety
committees to be five.
The new safety
committee has been
established to improve
the effectiveness of
recommendations from all
the other safety
committees. The safety

committee is made up of all the Directors, managers, labour representatives and the MMC Corporate Services. So far there meetings that were held have been fruitful and effective.

### SAFETY REPRESENTATIVES

The term of the previous safety representatives has expired, therefore new safety representatives need to be elected. These new safety representatives will serve for the next two financial years. The elections are already in process, whereby the employees elect individuals in their respective workplaces to

represent them in safety committees.

### CHALLENGES INJURIES ON DUTY

There has been an increase in injuries on duty, whereby in the previously 3 injuries on

duty were reported and in 2011/2010, 12 injuries on duty have been reported and one of them being serious. Amongst these injuries 6 of them were a result of vehicle accidents which occurred during the Festive and Easter season. Which is a clear

indication that road safety training and awareness is critical for all the municipal drivers. All the injuries have been reported to the Department of Labour and Compensation Commissioner.

### TRAINING AND SKILLS DEVELOPMENT

Through the process of job assessment and skills development the following interventions were provided. Twenty Three trainings were conducted as from July 2011-June 2012:

NAME OF TRAINING	PEOPLE ATTENDED	SERVICE PROVIDER

# **CHAPTER 5**

# **Functional Area**

Planning and Development Department Infrastructure Development Department Community Services Department Budget and Treasury Department Corporate Services Department

#### **Budget**

Kindly note that the departmental activities were not budgeted for per their planned output.

However the total operating budget for the 2011/12 financial year was R445, 821,000

The total capital budget for the year was R174, 764, 000

Total Budget for the 2011/2012 financial year was R620, 585, 000

#### PLANNING AND DEVELOPMENT DEPARTMENT

Objective	Indicator	Priority Area	Annual Target (2011/12)	Actual performance	Reasons for non-achievement	Plans to address non-achievement	Responsibility
<b>KPA 1: BASIC SERVI</b>	E DELIVERY						
Provision of secure tenure through township establishment/formaliz ation Block C	Release of state land finalised	Land use Managem ent	100%	80%	Delay in the release of state land	Rolled over to 2012/13 financial year	Land Use Planning
Provision of secure tenure through township establishment/formaliz ation Pholane	Transfer of Erven to individual beneficiarie s	Land use Managem ent	100%	60%	Awaiting the signing of Land Availability Agreement between the Trust and the municipality	2012/13 financial year	Land Use Planning
Provision of secure tenure through township establishment/formaliz ation Mjejane	Transfer of Erven to individual beneficiarie s	Land use Managem ent	100%	0%	Appointment of Service Providers initially appointed by the registered land owner not finalised	Rolled over to 2012/13 financial year	Land Use Planning
Provision of secure tenure through township establishment/formaliz ation: Mzinti, Langeloop, Phosaville, Driekoppies and Buffelspruit	Finalisation of Townships Establishme nt	Land use Managem ent	50%	0%	Project co- funded and implemented by EDM	Agreement signed with EDM to complete project with co-funding from EDM	Land Use Planning
Provision of secure tenure through township	Release of state land finalized	Land use Managem ent	100%	0%	Project funded and implemented	Facilitate and Expedite township establishment and	Land Use Planning

Objective	Indicator	Priority Area	Annual Target (2011/12)	Actual performance	Reasons for non-achievement	Plans to address non-achievement	Responsibility
establishment/formaliz ation Kamhlushwa x2					by Department of Human Settlements	release of state land	
					Delays in the release of state land		
To guide development in Nkomazi	Approved SDF and LUMS	Land use Managem ent	100%	95%	SDF approved. Draft LUMS approved. Include of a Part of the former DMA into the Nkomazi Municipal Area	Roll over project to the 2012/2013 financial year	Land Use Planning
To develop a long term development strategy for Nkomazi	Strategy approved by Council	Land use Managem ent	Strategy adopted and approved	Tender was placed in local media	No surplus funding, project could not proceed	Roll over to 2012/13 financial year	Land Use Planning
<b>KPA: LOCAL ECONOM</b>	IC DEVELOP	MENT					
Develop a credible LED strategy and implementation plan in order to promote LED in Nkomazi	Credible LED strategy and implementa tion plan adopted by 31 August 2010	Local economic developm ent	Strategy available for private funding	Strategy finalized			LED and Tourism
Develop an investment policy to draw investment	policy adopted by Council	Local economic developm ent	Policy adopted and implemented	Policy adopted and implemented			LED and Tourism

Objective	Indicator	Priority Area	Annual Target (2011/12)	Actual performance	Reasons for non-achievement	Plans to address non-achievement	Responsibility
Support the MDC flagship programme to ensure investment in Nkomazi	Number of enterprises participatin g in the Komatipoor t Info Centre	Local economic developm ent	All available space occupied by private enterprise	No progress made due to project not handed over to Nkomazi	No response from MDC flagship programme and DEDET	Continued follow- up	LED and Tourism
Creation of facilities for hawkers in order to improve facilities for informal trading	Facilities built in Malalane, Komatipoor t, N4 intersection	Local economic developm ent	Hawker stalls availed to legal hawkers	Hawker stalls availed to hawkers in Malalane and Komatipoort. Final design of hawker facility at N4/R570 intersection finalized.	No surplus funding, projects could not proceed	Funding obtained in principle. Construction of Hawker stalls to commence in the 2012/2013 financial year	LED and Tourism
Creation of a platform for local crafters to sell their goods	Established crafters/ flea market in close proximity to N4	Local economic developm ent	First phase of flea market established and occupied by traders	Area was cleaned and fenced, lights were installed, and building plans were drawn up. Negotiations to create a walking trail was started with various land owners	No surplus funding, projects could not proceed	Scout for funding	LED and Tourism
To alleviate poverty in Nkomazi	Assist non- functional projects in Nkomazi to become	Local economic developm ent	Mangweni cultural village operational	Mangweni Cultural Village – investigation still on-going to determine	Project in its current form not feasible and sustainable.	LEDF to assist in reviving the project in a feasible manner in the 2012/2013 financial	LED and Tourism

Objective	Indicator	Priority Area	Annual Target (2011/12)	Actual performance	Reasons for non-achievement	Plans to address non-achievement	Responsibility
To create an	functional  To provide	Local	Land	the feasibility of the project. Electricity supply to facility was installed.	Lack of funds	year  Allocated funding to	LED and Tourism
environment conducive to LED	industrial zoned land for developme nt	economic developm ent	identified and rezoned	availability approved by Council  Rezoning process started, however EIA Assessment outstanding	to undertake EIA	finalise the establishment of a township on a Portion of Portion 58 of the farm Komatipoort Town lands in 2012/2013 financial year	
<b>KPA 3: GOOD GOVER</b>	NANCE AND P	UBLIC PAR	TICIPATION				
To guide development and service delivery through a credible IDP	IDP assessed and approved by council	U	assessme	IDP rated as one of top 7 in province

## Chapter 6

# **Council Oversight Report**

MPAC REPORT FOR THE 2010/11 FINANCIAL YEAR

**MPAC Chairperson: Cllr Mkhumbane TC** 

#### 1. Background

In January 2010 and in terms of section 79 of the Municipal Structures Act ,Nkomazi Municipality established its first Municipal Public Accounts Committee to review the 2009/10 Annual Report. The specific task of the committee was to review the performance information of the municipality for the 2009/10 financial year. In executing this role the MPAC relied mainly on the Annual Report with a specific focus on the AG report, the financial Statements and the general performance information of the municipality. The MPAC report for the 2009/10 financial year was tabled and approved by council in June 2010.

#### 2. Appointment of the New MPAC

In June 2011 the Nkomazi Municipal Council dissolved the old MPAC and per resolution **NKM: S-GCM: A060/2011** appointed a new 10 members MPAC consisting of the following Councillors:

- Chairperson: Mkhumbane TC
- Lusibane N
- Silombo SR
- Hlahla B
- Ngomane L
- Nkambule G
- Mahlalela S
- Letsoalo M

- Makhubela BS
- Luphoko PC

Amongst the key changes in the new committee it will be noted that whilst the previous committee was constituted in a manner as to include external members of the public; new guidelines have enjoined council to ensure that the current committee is made up of 10 serving Councillors of the municipality.

The committee commenced in earnest with its work by getting council to note its Terms of Reference per resolution **NKM: GCM: B036/2012.** The committee has also attended several training workshops which have increased its capacity to implement its mandate in the current period by reviewing the Annual Report for the 2010/11 financial year.

The communities were advised through public notices placed on our main and regional offices and libraries informing the public of the availability of the annual report and also inviting the community to make their written representations on the Report.

As a further precursor to the preparation of the 2010/11 oversight report; the committee has convened several meetings within itself, and also with the administration where the 2010/11 Annual Report was reviewed and questions were formulated.

Outlined below are the relevant comments on the textual and contextual matters that the committee has made on the Annual Report:

#### 2.1 Textual Matters

The committee resolved in respect of the textual corrections that it had made on the report that the administration should ensure that those are corrected before the final report is distributed.

#### 4.3 Contextual Matters

Having engaged with the report and formulated the relevant questions; the committee convened an interview session with the Municipal Manager and his administration. During this interview the municipal manager was able to respond to most the questions that were raised by the MPAC.

Outlined below are some of the salient matters that the MPAC engaged on during the interviews:

- The committee was not satisfied that the monthly monitoring of the electricity loses in the Mzinti area was sufficient to address electricity loss. In this regard management was called-upon to introduce effective monitoring and preventative mechanisms that could address this problem during the 2011/12 financial year.
- The committee expressed optimism at the proposed compliance checklist to improve governance on all supply chain transactions. The committee encourage the administration to ensure that the control measure is effectively implemented.

• The current reactive nature of the MPAC is another matter that the committee has considered; in this regard the committee raised concerns over the fact the currently the MPAC only become active after the annual report has been tabled. The committee recommends that the MPAC should have both proactive and reactive responsibilities and programmes that it will pursue before, during and after the tabling of the annual report. In this regard the following administrative support structure is proposed to support the work of the MPAC in Nkomazi:

#### MUNICIPAL PUBLIC ACCOUNT COMMITTEE STAFFING NEEDS

- Establishment of MPAC office
- Fulltime secretary
- Legal adviser
- Researcher

#### **Recommendations by MPAC**

- a. That council takes cognisance of the Oversight Report on the 2010/2011 Annual Report as submitted by the Oversight Committee.
- b. That Council, having fully considered the annual report of the municipality for the financial year 2010/2011, adopts the oversight report.
- c. That the Oversight Report be made public in accordance with section 129 (3) of the MFMA.
- d. That the Oversight Report on Annual Report 2010/2011 be submitted to the Provincial Legislature in accordance with section 132 (2) of the MFMA.

#### 3. INTRODUCTION OF OFFICIALS AND COUNCILLORS

All officials and Councillors present in the meeting were introduced.

### 4. PROGRESS REPORT ON QUESTION RAISED BY THE MUNICIPAL PUBLIC ACCOUNTS COMMITTEE

Please note that the textual comments are referred to administration for correction.

#### 4.1 Page (135) 4th column, row number 3 "under Auditor General's recommendation".

MPAC wishes to establish if a follow up to check whether the recommendations of the
 AG on the 2008/9 annual report where considered and dealt with before the due date.

**Answer:** The municipality improved the AG opinions from a declaimer to a qualified opinion on the following year, implying that the AG's recommendations were implemented

 Same page 3rd column "under Action Plan"- MPAC further wishes to establish if the envisaged training was conducted and if so, proof must be submitted.

**Answer**: SCM Training was conducted for all senior managers by National Treasury.

#### 4.2 Page (136) 4th column, second row "under Auditor General's recommendations"

MPAC seeks to establish if the envisaged evaluation of the SCM unit was done, and whether there is a formal report and/or process in this regard. If such written proof exists, it should be submitted to the MPAC during the planned reporting exercise.

**Answer**: The SCM evaluation will be done at year-end, (relevant evaluation form was shown to the MPAC)

• MPAC seeks clarity on the meaning and application of the 80/20 principle.

Answer: The 80/20 rule working for the procurement goods up to a value of 1 million rand.

- -The following formula is used to calculate the points for price in respect of Tenders including quotations from the value of R30, 000 up to a value of 1 million.
- -20 points is for B-BBEE status of contributor
- Same page: 3rd column under "Action Plan" clarity is also required on whether the relevant form was completed and submitted; proof of same should be attached.

Answer: The SCM evaluation checklist will be completed at year-end

#### 4.3 Page (137 - 144) 4th column under "Auditor General's recommendations and the due date.

• MPAC requires a progress report on the implementation of the Auditor General's recommendations for the period under review and before the due date.

Answer: A progress report is attached as requested.

#### 4.4 Page (139) second row, under "Audit Finding"

Was the envisaged training conducted? a progress report on the training?

**Answe**r: The proposed training was conducted as planned.

#### 4.5 Same page: 5th row, under "Nature and Auditor General's Recommendation"

MPAC wishes to establish if the Accounting Officer did exercise the effective oversight on the IDP? Proof of such should be produced.

**Answer:** The budget to implement the IDP was prepared and the Municipal Manager signed the budget certificate.

#### 4.6 Page (146) last column, "under commitments".

"Progress on the implementations of the action plan will be presented to management on weekly basis....."

**Answer:** Management decided to make the action plan a standing Item on management meetings. The Action plan is being discussed on management meetings.

• MPAC requires proof that progress reports on the implementation of the action plan are submitted on weekly basis.

**Answer**: minutes of management meetings are attached.

- "A Follow up Audit by Internal Audit unit will be conducted in March 2012...."
  - MPAC wishes to establish if this follow up Audit was conducted in March 2012?

Answer: A follow-up audit was performed as planned (attached)

#### 4.7 Page (147) last column, last row, "Governance"

MPAC required proof that the envisaged compliance check list for supply chain processes and other laws and regulations was finalized and implemented.

**Answer:** The Compliance checklist (Payment pack checklist) was finalized and presented to a management meeting on Monday, the 21st of May 2012. This will be implemented as from the 1st of June 2012

#### 4.8 Page (225) under irregular expenditure, 4th paragraph

MPAC required administration to furnish it with a copy of the register of irregular expenditures that are referred to in the Annual Financial Statements.

**Answer**: Copy was supplied.

### 4.10 Page (235) "under explanation of significant variances greater than 10% versus Budget

Answer: This will be done at year-end

A progress report on the reviewal of the valuation roll is required.

Answer: A supplementary valuation was performed

#### 4.11 Page (242) number 13:

MPAC recommends that the electricity losses in incurred must be evaluated, mitigated and Monitored.

Answer: The municipality is monitoring electricity losses on monthly basis

#### 4.13 Page (244) "under procurement and contract management" number 24 and 25.

- MPAC requires clarity on how such was allowed to happen and who was involved. **Answer**: management report will be provided

#### 5. MUNICIPAL PUBLIC ACCOUNT COMMITTEE NEEDS

- Establishment of MPAC office
- Fulltime secretary
- Legal adviser
- Researcher
